AGENDA

8:00am~

Registration

8:30am~9:10am

Opening / Welcome Address

Richard Krause

Senior Investigator(retired), National Institutes of Health

Representative

Embassy of Japan

Hirotaka Sugawara

Director, Japan Society for the Promotion of Science, Washington Office

Hiroo Imura

Professor Emeritus, Kyoto University President, Foundation for Biomedical Research and Innovation Chairman, The Inamori Foundation

9·10am~10·40am

Morning Session 1 Convener: Louis M. Staudt

Tasuku Honjo

Professor, Department of Immunology and Genomic Medicine,

Graduate School of Medicine, Kyoto University

Executive Member, Council for Science and Technology Policy, Cabinet Office

Dilemma of AID: infection or cancer

Discussion

Michel Nussenzweig

Sherman Fairchild Professor, Rockefeller University

Translocation-Capture Sequencing Reveals the Extent and Nature of

Chromosomal Translocations in B Lymphocytes

Discussion

10:40am~10:55am

Coffee Break

10:55am~12:25pm

Morning Session 2 Convener: Louis M. Staudt

Osamu Takeuchi

Associate Professor, Immunology Frontier Research Center, Osaka University

M2 macrophage polarization and cancer

Discussion

Kenya Honda

Associate Professor, Department of Immunology, The University of Tokyo

Microbiotal influence on T cell subset development: Implications for inflammation and cancer

Discussion

12:25pm~13:30pm Lunch, hosted by JSPS

1:30pm~3:00pm Afternoon Session 1 Convener: Tasuku Honjo

Hiroyoshi Nishikawa

Associate Professor, Experimental Immunology, Immunology Frontier Research Center, Osaka University

Regulatory T cells for tumor immunity

Discussion

Louis M. Staudt

Deputy Chief, Metabolism Branch, CCR, National Cancer Institute, National Institutes of Health

Malignant Pirates of the Immune System

Discussion

3:00pm~3:20pm Coffee Break

3:20pm~4:50pm Afternoon Session 2 Convener: Tasuku Honjo

Nagahiro Minato

Professor, Department of Immunology and Cell Biology, Kyoto University Graduate School of Medicine

Human γδ T Cells; Biology and Application for Cancer

Immunotherapy

Discussion

Hiroshi Shiku

Professor, Department of Cancer Vaccine and Immuno-Gene Therapy, Mie University Graduate School of Medicine

<u>Cancer Immunotherapy; Integration of T cell Biology with Nanogeland Vector-Technology in Translational Research</u>

Discussion

4:50pm~5:00pm Closing Remarks

Toshio Kuroki

Deputy Director, Japan Society for the Promotion of Science, Research Center for Science Systems

5:00pm **Adjournment**

5:30pm~ **Reception** (Spouses are welcome)
